

Win-Star Loader Series

Loader SML-820

Loader SML-820G

Loader SML-820P

Loader SML-820G/P

Specifications

(Following is for ref. use)

Model	Loader (kW)	Loader Dimension (mm)			Weight (kg)	Supply Ability (M)	Standard Option		
		W	D	H			Floor Type Loader	Hopper	Sight Glass
SML-820	0.75	460	400	700	45	8	x 1	No	No
SML-820G	0.75	460	400	700	47	8	x 1	x 1	No
SML-820P	0.75	460	400	700	47	8	x 1	No	x 1
SML-820G/P	0.75	460	400	700	49	8	x 1	x 1	x 1

Specialized Crushers for automation of the production line

Crusher Series

WA models are readily available

Features :

1. Hoppers are made of sound-proof materials, keeping noise to a minimum.
2. A series of hoppers, each equipped with a motor of different power output, are available to meet your specific needs with respects to the size of sprues and waste materials, achieving the best results possible and keeping energy consumption to a minimum.
3. Well-equipped with a ratio mixer, this superb hopper is capable to deliver new materials and sprues simultaneously to the hopper dryer.

Safe Cover On Cutter

Mini WA Style

Large WA Style

Paw-shaped cutter

Hopper Especially For WA-Y

Mini Crusher Specification

(Following is for ref. use)

Model	Motor Power (HP)	Cutter Size (mm) (W x f)	Fix Blade (PCS)	Rotary Blade (PCS)	Weight (kg)	Measurement (mm)		
						L	W	H
WA-23	2 ~ 3	185 x 172	2	6	130	985	550	1120
WA-23-Y	2 ~ 3	185 x 172	2	6	130	1260	550	900
WA-25	4 ~ 5	300 x 242	2	15	350	1045	655	1250

Large Crusher Specification

(Following is for ref. use)

Model	Motor Power (HP)	Cutter Size (mm) (W x f)	Fix Blade (PCS)	Rotary Blade (PCS)	Weight (kg)	Measurement (mm)		
						L	W	H
WA-210	10	400 x 242	2	12	620	875	875	1280
WA-220	20	500 x 325	2	21	1250	1250	1060	1780
WA-250	50	710 x 490	2	27	1850	1600	1400	2200
WA-250S	50	710 x 490	2	27	2200	1600	1400	2220
